

KMX Cobra Performance Trike

The Cobra is our 24-speed Performance Trike featuring high quality Sram SX5 components and Tektro brakes.

The Cobra's features include:

- Improved frame angles giving increased ground clearance while maintaining the original low center of gravity
- Direct steer providing more responsive handling and a lighter feel
- KMX Hard-shell seat with Intercooling vent system for more support and comfort on a breathable seat
- Adjustable seat frame for both angle and position on frame
- Sharks fin front boom with laser etched Decal and Logo
- Black Anodizing on all Aluminium parts
- Deep Luster Professional paintwork and finish
- Oversized Super Glide Pulleys for smooth chain management
- Simple and quick assembly
